MOUNT SI NATURAL RESOURCES CONSERVATION AREA

Located outside North Bend, this landscape offers 22 miles of hiking trail that access Mount Si, Little Si and Mount Teneriffe. This conservation area protects outstanding geologic features, examples of old-growth forest, wildflower communities and habitat for mountain goats and other wildlife.

WASHINGTON STATE DEPARTMENT OF NATURAL RESOURCES IS A STEWARD TO:

DNR-managed Trust Lands
Timber-generating working forest, agricultural and leased trust lands that help to support public services.

Natural Areas (DNR)
Conservation lands that protect and restore a legacy of Washington's natural and scenic landscapes.

DNR Community Forests
Working forestland that would otherwise be at risk of conversion to other land uses. Managed in partnership with local communities.

Aquatic Reserves
Areas that preserve, restore and enhance state-owned aquatic lands for environmental education and research.

- Federal land
- Dept. of Fish & Wildlife (WDFW)
- Washington State Parks
- Other public land
- Interstate Highway
- Washington State Highway
- U.S. Highway

13
SOUTH FORK HOH CAMPGROUND
Relax near the South Fork Hoh River or take a short hike to Olympic National Park.

44
MARGARET McKENNY
This equestrian campground and trailhead accesses year-round horseback riding, hiking and mountain biking within Capitol State Forest—one of our highest timber-producing state forests that we manage for the public's benefit.

58
SAMISH OVERLOOK
Located in our Blanchard State Forest, Samish Overlook offers sweeping views of Samish Bay and the San Juan Islands. Enjoy backcountry camping at Lily and Lizard Lakes and beautiful vistas from Oyster Dome.

62
CYPRESS HEAD CAMPGROUND
This campground, which you can only access by boat, offers breathtaking views of the Bellingham Channel and Mount Baker and sits within our Cypress Island conservation area.

65
LES HILDE
Ride horseback alongside Mount Josephine with views of the surrounding Skagit Valley.

78 79 68
WALKER VALLEY AND REITER FOOTHILLS STATE FORESTS
Just an hour outside of Everett, two distinct off-road-vehicle trails for motorcycle, ATV and 4x4 riders. Test your skills on technical rock-crawling opportunities and other obstacles (winches are recommended).

138
TEANAWAY CAMPGROUND
This popular campground near the Teanaway River was once the site of a bustling 50-acre logging town called Casland.

127
PALMER LAKE CAMPGROUND
Winter doesn't stop anglers from enjoying this northeastern Washington campground, popular for ice fishing. (Remember: Ice should be at least 2 inches or more thick and seldom freezes evenly).

157
DOUGLAS FALLS GRANGE PARK
Fall asleep to the sounds of the nearby Mill Creek 60-foot waterfall.

107-110
TAHOMA STATE FOREST
Cross-country ski or snowshoe between a backcountry hut system with breathtaking views of Mount Rainier.

114
TARBELL TRAIL LOOP
Heading east about 5 miles from the trailhead, look for views of Hidden Falls, a majestic waterfall and hidden gem of the Yacolt Burn State Forest. This 23-mile loop trail also connects to our Rock Creek Campground, popular for horse camping.

145
EAGLE NEST VISTA
An ideal picnic spot, Eagle Nest Vista rewards visitors with a bird's eye view into the surrounding forest valleys.

141
BBQ FLATS
A popular spot for exploring the surrounding ponderosa pine forest by horseback, mountain bike and on foot. Enjoy riding off-road vehicles on the nearby Green Dot Roads.

142
BEVERLY DUNES
Enjoy year-round riding across 330 acres of sand dunes.

RECREATE RESPONSIBLY

Here in Washington, we have access to some of the world's most beautiful outdoor playgrounds. We can all do our part now to preserve our stunning natural areas and state trust lands for generations to come. For your safety and the health of the habitats DNR manages, please follow these guidelines while you're recreating:

- PLAN & PREPARE
- KNOW BEFORE YOU GO
- RESPECT OTHERS
- LEAVE NO TRACE

Some of the state's most popular hikes, from Mount Si near North Bend to Oyster Dome near Bellingham, are located in DNR working forests and conservation areas.

RULES

- Discover Pass required on all street-legal vehicles, including motorcycles.
- Fires permitted in approved fire pits only.
- Campsites available first come, first served. Limit stay to 10 days in a 30-day period unless otherwise posted.
- Keep pets on a leash 8 feet or shorter.
- No shooting near recreation trails, campsites and roads.
- No fireworks.
- No wood cutting.
- No wood or brush gathering without a permit.

If a trail is not posted with DNR signs, and does not appear on DNR maps, it is not an approved trail and should not be used.

For a complete list of rules, visit: dnr.wa.gov/go

REPORT VANDALISM
Vandalism and abuse of public lands cost Washington's citizens hundreds of thousands of dollars in repairs and lost resources each year. If DNR-managed lands or facilities are damaged, use will be limited to protect the resources. We are all stewards of this land. Call **855-883-8369** to report abuse.

Q&A

What is a DNR working forest?

These lands generate revenue, largely through timber harvests, to support public services statewide. On top of providing access to recreation, they also protect against development, support clean air and water and uphold the highest environmental standards available. In our working forests you may experience temporary trail, campground or picnic area closures for public safety during harvest activities.

What is a DNR natural area?

In addition to generating revenue through our trust lands, we also manage lands primarily for conservation. Our Natural Resources Conservation Areas allow low-impact recreation while our Natural Area Preserves are our most protected landscapes for sensitive plant and animal habitat. When you visit a DNR natural area, check for any restrictions—like leaving Fido at home—to enhance our stewardship of fragile ecosystems.

FIND YOUR WAY

Getting outdoors on DNR-managed lands can be a lot easier with the help of our mobile maps. You can download many of our trail maps to a smartphone or tablet and navigate with them while you're out enjoying our trails—even without cell service. It's also a good idea to have a printed map with you as well. Learn more on **dnr.wa.gov/MobileMaps.**
For driving directions, visit dnr.wa.gov/go.

Be kind. Share the trails.

If you see a horseback rider or people with pack stock, stand to the side of the trail and speak to the rider. In general, downhill traffic yields to uphill traffic.

How can I be considerate of other visitors out on the trail?

Respect yielding priorities:

Horseback riders always have the right-of-way. Hikers yield to horseback riders. Mountain bikers yield to hikers and horseback riders. Off-road-vehicle riders yield to all traffic. Downhill traffic yields to uphill traffic (yielding rules may vary by landscapes).

TECHNICAL BOULDERING PATHS AND 700 CLIMBING ROUTES STATEWIDE

GIVE BACK TO TRAILS, CAMPGROUNDS & PICNIC AREAS YOU LOVE

With the help of dedicated volunteers, DNR is able to provide recreational experiences on DNR-managed lands statewide that visitors can enjoy for years to come. Our volunteers bring not only passion and pride, but immeasurable aid to the state lands DNR cares for.

Want to get involved?

The Department of Natural Resources invites you to:

- Join us at a volunteer work party, clearing and maintaining trails and campgrounds.
- Report areas or situations in need of attention.
- Serve as a camp host.
- Provide technical expertise and advocacy support on a citizen-based committee.

Keep pets on a leash

Pick up after your pet and pack out any trash. Horseback riders may have dogs off of a leash if they respond to voice commands. Protect plant and wildlife species.

DISCOVER MORE OUTDOORS

Getting outdoors on DNR-managed lands starts with your Discover Pass. It's your way to enjoy over 160 recreation sites on DNR-managed lands, more than 100 state parks, 700 water access points, and hundreds of natural and wildlife areas. **And, with an annual Discover Pass for your vehicle, camping at any of DNR's 70 campgrounds statewide is free.** By purchasing a Discover Pass, you help to maintain the state's recreation sites and trails to keep them open for years to come.

The $10 one-day and $30 annual Discover Pass, which is **transferable between two vehicles,** is available online, at automated pay stations in select state parks and in person at more than 600 locations statewide.

Q&A

How can I let the agency know about illegal dumping or vandalism?
To report illegal activity to DNR, contact our Forest Watch volunteer program at **855-883-8369**.

How can I report a wildfire?
Call 911.

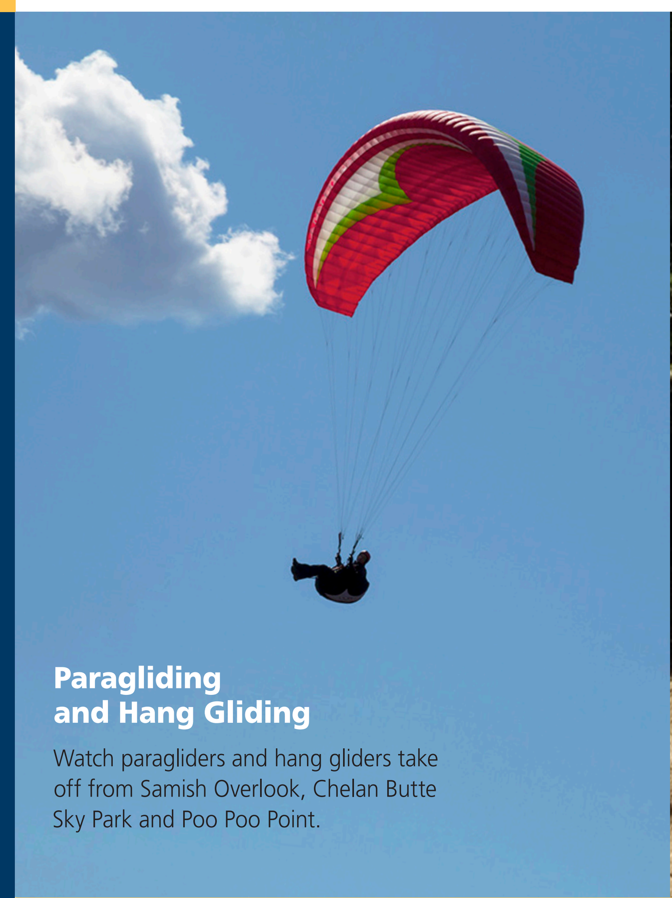
Purchased a Discover Pass, joined us for a work party, but still want to do even more?
DNR accepts donations to help supplement maintenance and operation costs associated with providing recreation on DNR-managed lands statewide. **To learn more, contact: recreation@dnr.wa.gov**

DO YOUR PART: PREVENT WILDFIRES

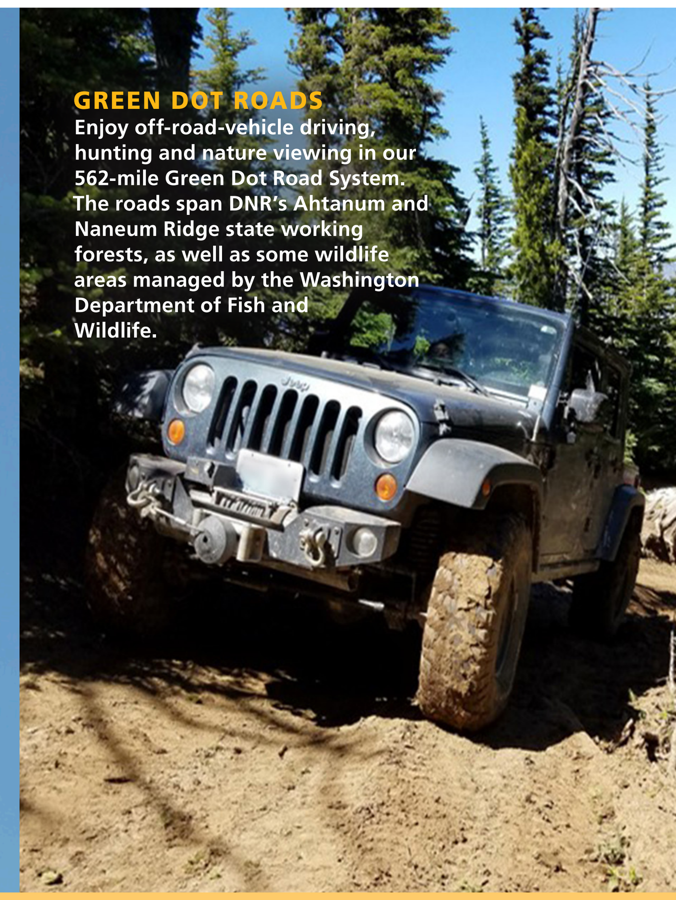
Each year, DNR firefighters respond to 600-900 wildfires, many of which are started accidentally by people just like you. Use our tips, below, to help reduce your risk of starting a wildfire.

Have a working, approved spark arrester on your off-road vehicle

- **Do not park vehicles in dry, grassy areas** as residual heat from exhaust systems can ignite the dry grass.
- **Keep matches and lighters** away from children.
- **Know the current wildfire risk.**
- **Only enjoy campfires when a burn restriction is not in place.** When campfires are allowed, always have a shovel and buckets of water close by.
- **Never walk away from a smoldering campfire.** Put the campfire out cold before you leave your campsite. If it's too hot to touch, it's too hot to leave.



Paragliding and Hang Gliding
Watch paragliders and hang gliders take off from Samish Overlook, Chelan Butte Sky Park and Poo Poo Point.



GREEN DOT ROADS
Enjoy off-road-vehicle driving, hunting and nature viewing in our 562-mile Green Dot Road System. The roads span DNR's Ahtanum and Naneum Ridge state working forests, as well as some wildlife areas managed by the Washington Department of Fish and Wildlife.
